These famous words Jesus uttered in His Sermon on the Mount have multiple applications. While comprising part of Jesus' "do not worry" teachings, this phrase is ultimately about beauty. Jesus calls His followers to appreciate the beauty of God's creation, which is brought about wholly by God. He implies that gratitude dispels worry.

This reminds me of Nicholas Kristof, who grew up in a small, rural town not that different from my hometown. Kristof won Pulitzer Prizes for his reporting on Darfur when he brought attention to the genocidal violence there, spent a great deal of time in Iraq and Iran, and witnessed students killed by government soldiers in Beijing. While some of his journalism stirred up controversy, he's credited with interviewing people in dangerous places so that ordinary citizens become visible, often resulting in humanitarian assistance.

Once someone asked him how he could keep reporting from violent places and see the results of terrible atrocities without suffering psychological damage. Kristof's response was revealing; he claimed to be able to see how global violence was decreasing, humane treatment was becoming more normal, and the most vulnerable were being better-protected over his decades of reporting. This leads him to publish an annual article, "It's Still the Best Time to Be Alive," though he lets us know, "I promise to barrage you with woe every other day of the year" (even his sense of humor is intact!).

Summing up 2024, Kristof wrote about several crucial metrics. First, infant and child mortality continue to fall, hitting a global low of 3.6%, down from 25% in 1959. Since just the year 2000, 80 million children's lives have been saved due to vaccines, safe water, and access to health care. Severe poverty decreases even more rapidly as 300,000 humans move from that level up to sustainability each year. Severe poverty reached a new low of 8.5% of the world's population in 2024. Literacy is increasing by over 12 million people each year; another person becomes literate every three seconds.

While Kristof encountered death, disease, and starvation firsthand in places like Haiti and Gaza, he notes that three regions he visited repeatedly are now rebuilding. Yemen, Ethiopia, and Syria were all convulsed by war over decades and no one saw a solution. All of them now enjoy sustained peace.

"Consider the lilies of the field, how they grow..."
Matthew 6:28b

Many young people feel great anxiety about climate change, and we've already surpassed the 2-degree marker international agreements call "catastrophic." However, so much progress has been made in reducing greenhouse gases and restoring toxic waste sites that the "tipping point" has been reached. Efforts will continue even as regimes and policies change, and will continue to have a beneficial impact on our planet.

Some years ago the People's Republic of China raised the possibility of attacking Taiwan. Two years ago, the U.S. announced new agreements between Taiwan, Australia, the Philippines, South Korea, and Japan. Ukraine's successful resistance to Russia's invasion proved that Western powers can ramp up military support quickly. Today, China has removed plans for invading Taiwan from its military scenarios.

Breakthroughs in medical treatments have made schizophrenia more manageable for millions of

people, and semaglutides have proven effective against obesity and its range of potential health problems.

Kristof ends his annual look back by declaring he feels "not buoyant, but a little better. The world is a mess... but it's important to take a break and put it all in perspective... For all the challenges we face, there has been no better time to be alive."

I feel that is a contemporary journalist's way of looking at the lilies that grow and multiply, not due to any work on our part, but due to the inherent nature God gave them. They are beautiful, and we honor God when we stop and acknowledge that fact. May our gratitude serve as an antidote to the complaints of our prosperous citizenry.

Yours in Christ,
Pastor Kirk

News from Austin Cooley

When I was a boy, my family was friends with the Cooleys. I had two brothers, they had three daughters, and we enjoyed getting together - especially on Keuka Lake. Little did I know Mr. and Mrs. Cooley joined the First Presbyterian Church of Honeoye Falls! Soon after I arrived in 2018, Mr. Cooley sent a kind email, welcoming me to the congregation they both loved.

If you knew the Cooleys, you may have heard that they moved to his hometown region in Black Mountain, North Carolina. Vivian died some years ago. Their daughters married - one husband became an important leader in Singapore.

Austin (always Mr. Cooley in my mind) sent a letter to friends after strong floods struck the Black Mountain region of North Carolina, to let people know he's okay. According to the letter, few residents had significant damage to their homes as the mountain rock precludes full basements. Some businesses suffered more damage as water stayed in their deeper sub-floor areas. The Presbyterian Church he now attends took in some people during the worst of the storms.

While his youngest, Barbara, cleared the trees from his land, you might not be surprised to hear that Austin (now 87) spent time volunteering in the clean-up efforts and checking on neighbors. That's so true to character.

I hope you enjoyed this little update from one of the church's past members.

Worship In February

We've seen that the Common Lectionary can select such short sections of Bible stories that they can be very difficult to understand on their own. This is probably because when the lectionary was compiled, the Bible was one of the few books nearly everyone knew. With lower literacy rates, many people memorized passages, and the short sections chosen for the lectionary would remind listeners of the entire passage. It wasn't necessary to include the whole story or arrange passages in order because most worshipers could locate brief sections and place them accurately within the larger narrative of the entire Bible.

As Presbyterians we acknowledge "freedom in Christ" in worship, which means we can expand, shorten, or ignore the Common Lectionary altogether. I often add verses or complementary readings to help clarify the brief passages recommended.

Welcoming Rev. Dr. John Odom to the Pulpit

On Sunday, February 2nd the congregation will be welcoming Rev. Dr. John Odom to the pulpit. Rev. Dr. John Odom became the Executive Presbyter for the Presbytery of Genesee Valley in October 2024. John comes to the role of presbytery leader after 9 years as General Presbyter of Mid-Kentucky Presbytery and 25 years as a pastor in a variety of congregational settings in New York and North Carolina. John is energized by the vision of building spiritual leaders, empowering life-giving congregations and transforming the world through the grace and justice of Jesus.

John is married to the Rev. Emily Enders Odom, Associate Director of Mission Communications for the Presbyterian Church (U.S.A.). They have two adult children—Nathaniel and Elizabeth, and a grandson—Elijah.

John enjoys strong coffee, learning American Sign Language, and teaching yoga as a 200-hour certified yoga teacher.

Pastor Kirk on Vacation

Pastor Kirk will be on vacation from Tuesday, February 11th through Tuesday, February 18th. Elder Leslie Rowe ((585) 330-7948 or reslie31@yahoo.com) will be available for those needing assistance while Pastor Kirk is away. The Rev. Carin Farmer of Avon Central Presbyterian Church will be providing emergency pastoral care in Pastor Kirk's absence. She can be reached at either (585) 226-2626 (office) or (585) 738-3274 (cell phone). On Sunday, February 16th we will be welcoming Elder Carl DelleFave in worship. Director's Dish

Written by Adam Lewis
Christian Education Director

As we welcome February, I'd like to thank everyone who donated shoes or winter clothing items during our Carhartt Sunday campaign in January! We once again took in a tremendous number of items; it's great to see the congregation's generosity! The clothing items will be distributed between our local shelters and the shoes will go to Happy Birthday Cha Cha Cha. This is a good time to remind everyone that we are a drop-off location for used shoes since HBCCC accepts them year-round. They can be left outside of the CE office.

Looking at February, there will be a Middle School Youth Group sledding activity on Sunday, February 2nd. There will be pizza and discussion at church after worship, then sledding afterwards. Please see the flyer for more details.

February 9th is "Souper Bowl" Sunday! Please bring in your non-perishable food items for donation to the local food pantry. Please check expiration dates before donating!

Our Trip to Blessed Sacrament on January 9th got postponed due to them double booking us with a group from Webster. However, we will hopefully be rescheduling that for the end of February. Again, it will serve as part of our push to get younger folks to join the church. This year, Alexis Ludwig, Nolan Mueller and Lia Richardson will begin their journey towards church membership!

Since CE has been doing so many collection drives recently, we have pushed our Pet Supply Drive back to March. Hopefully this will break things up a bit and we can generate more donations for our local shelters that are really taxed at the moment.

We have also begun planning for our 3rd annual Pickleball Tournament. We are really trying to emphasize it as a family event so if you are interested in helping with the planning, please let me know (adamlewisced@yahoo.com). With working 60 hours a week, I can definitely use the help this year!

Blessings!

Middle School Youth Group

February 2nd - Noon-2:30 PM

Join us at the church for pizza at noon, mission activity discussion, and then we will go sledding!

Candle Lighter Sign-Up

Youth are invited to sign-up to be a Sanctuary Candle Lighter. This is a special way to contribute to the reverence and beauty of our worship space. The sign-up sheet is posted on the CE Director's Office door, and there are plenty of open slots available through April. Please take a moment to sign up and be part of this meaningful tradition.

Session

Written by Chris Hinds, Clerk of Session

What, you may ask, is Session?

Session is the ruling body of each individual Presbyterian Church. Your Session often works behind the scenes, monitoring and coordinating the work of the teams, making sure things are done in accordance with our rules and regulations. Each Team has a Session Representative who attends meetings and who is charged with making sure the Session as a whole sees your work, facilitates requests and communicates back to you. We also do things like set and oversee the budget, set some policies, and guide the direction of the church. Over the past few years, as we have developed more teams with broader scope. While the work is done by the teams, it is coordinated by Session. Session meets once a month and we try to balance the many requests that come in from teams and from the Community. You are always invited to contact a member of Session with any concern, but we will have to use your name if we present the issue at a meeting. Sometimes you just want to vent, and that is fine, we want to hear your thoughts. Pastor Kirk, as our Moderator, advises us on the rules for our efforts and brings in his own thoughts and the benefit of research on best practices.

As Clerk of Session, I am copied in on most communications and can facilitate resolving issues, or getting them on the agenda. Do not hesitate to call me if there is a Session related issue. We are down one member, if you are thinking you might want to serve as an elder, please contact Pastor Kirk! We have made significant progress over the past year! Session and the church as a whole, are looking forward to the challenges of 2025, it takes a village.

CAL FIRE

Presbyterian Disaster Assistance (PDA) urges your support in response to the devastating fires in California, which authorities are calling a historic and deadly wildfire event. PDA has already released emergency grants to meet the urgent needs of the communities and to provide immediate care. The magnitude of this event will require the development of long-term projects and assistance, both for the physical and emotional long-lasting effects.

Years of recovery lie ahead, and your commitment will help PDA extend the hands of Christ. Will you stand in the "GAP" for the people affected by these catastrophic wildfires? — **Give. Act. Pray.**

PRAY: God, our refuge and strength, you are an ever-present help in trouble. You see the devastation caused by the California wildfires. You hear the cries of loss and know the exhaustion of those waiting and helping. For those forced to flee, grant rest. For those fighting fires, grant strength. For those mourning, grant comfort. For those still in danger, grant protection. May your Church be a presence of hope. In Christ's name, Amen.
